Introduction

Hello, my name is Espoir and I am 7 years old. I live in Democratic Republic Of The Congo. My father is a builder and my mother is a trader.

At home, I like playing. At church, I like singing. I also like playing ball games. I have 2 brothers and 2 sisters.

Democratic Republic of the Congo Child Development Center

Nazarene Compassionate Ministries' child-focused programs are based on a Holistic Child Development model that seeks to address key aspects of a child's life. This center was established by the local church to support children by addressing their physical, spiritual, social, emotional, and educational needs. The center meets four times a week and provides holistic education. All of this, combined with the Christ-like love from staff, fosters an attitude of hope for a better future for children and families.
