Date of Birth: November 25, 2010

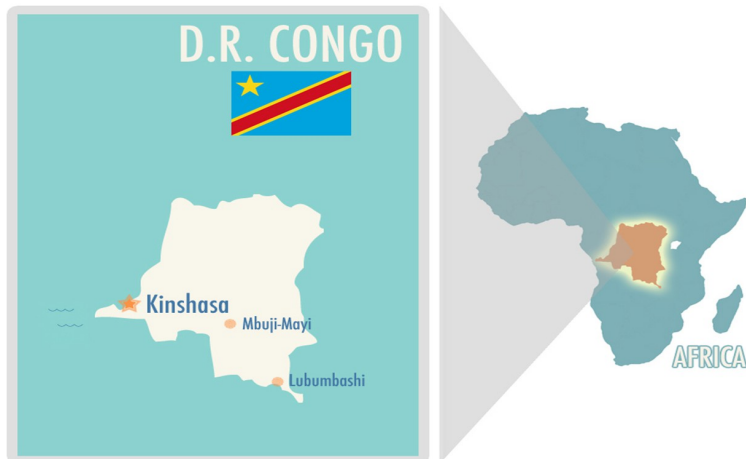

Gender: boy

Grade: 6th grade

Hello, my name is Felicien and I am 14 years old. I live in Democratic Republic of Congo. My mother is a housekeeper and my father is a farmer. At home, I like to help with cleaning. I also like to play basketball. I want to help my family. I have 4 sisters.

In April we received a card from Felicien. It said:

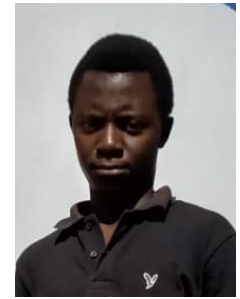

“Dear Northwest Ohio District: Morning. I’m pleased to celebrate the Christmas event. I sing within the church and every Sunday. I participate in the Sunday Service and the Sunday School. I eat fruits and fish. Thank you so much.”

Democratic Republic of Congo-CDC

The Democratic Republic of Congo faces many challenges, including war, HIV and AIDS, and poverty. This child development center seeks to bring hope to children who are orphaned and children who vulnerable as a result of these circumstances.

The center focuses on holistic child development, addressing various needs associated with education, including paying school fees, buying uniforms, and providing school supplies. Proper nutrition is enhanced by serving children healthy meals. Good hygiene is both taught and practiced. Spiritual life is carefully nurtured, young lives are valued, and hope is fostered.
